[[§§§§]]

[[§§§§]]

The Dastardly soul never
dares to stand up for
its beliefs, and it fears
doing anything that anyone
may disagree with, out of
fear for the
consequences. When
observed they are
essentially paralyzed.
When no one is around
to see them, however,
their true nature,
whatever that may be, is
revealed. For the
dastardly soul, pursuit of
virtue is always more or
less in vain, for it will
always fail to act
virtuously when
controversy or danger is
involved.
